**SCHOOL INTERNET USE AGREEMENT**  
**ACCEPTABLE USE POLICY**  
**OUR LADY OF LOURDES SCHOOL**

**PLEASE READ THIS DOCUMENT CAREFULLY.**

Internet access is now available to students and teachers at Our Lady of Lourdes School as part of the Diocese of San Bernardino. We are very pleased to bring this access to Our Lady of Lourdes School and believe the Internet offers vast, diverse, and unique sources to both students and teachers. Our goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating resource sharing, innovation, and communication.

The Internet is an electronic highway connecting thousands of computers and millions of individual subscribers all over the world. Students and teachers have access to the following:

1. Information and new developments in the areas of math, science, humanities, the parents, etc., as well as the opportunity to correspond with scientists, mathematicians, artists, poets, business persons, government agencies, and specialized researchers.
2. Public domain software and shareware of all types.
3. Discussion groups on a wide range of topics such as different cultures, foreign nations, environment, music, art, politics, etc.
4. Access to many worldwide library catalogs and databases resources such as university libraries and museums;
5. Exchange of ideas and classroom projects with people from all over the world through the use of electronic mail.

With access to computers and people all over the world, also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Our Lady of Lourdes School has taken precautions concerning access to inappropriate materials. On a global network, however it is impossible to control all materials, and an industrious user may discover inappropriate Internet usage. We at Our Lady of Lourdes School firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material, which is consistent with the educational goals of the Diocese.

The Internet access is coordinated through a complex association of government agencies and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the users who must adhere to strict guidelines. In general, this requires Christian, ethical and legal utilization of the network guidelines. In general, this requires Christian, ethical and legal utilization of the network resources. If an Our Lady of Lourdes student user violates any the provisions of Diocesan policy, the student's parent/guardians will be notified, and the student's Internet access may be terminated with the possibility of future access denied. The signatures at the end of this document are binding and indicate the parties who signed have read the terms and conditions carefully and understand the significance.
